

CHELSEA ELEMENTARY CODE of CONDUCT for Students, Staff, and Parents/Guardians

“Respect for All, By All”

At Chelsea Elementary, we believe that all students and staff have the right to learn in a safe environment. Each person is expected to work towards creating a climate that is positive and productive. No person has the right to exhibit behaviours that infringe upon the rights of others. We believe that school and home share the obligation of teaching our students appropriate behaviour, a sense of responsibility and respect for themselves and others. Our Code of Conduct is required to ensure that students, parents/guardians (hereafter "parents") and staff all understand the standards we expect at Chelsea Elementary School and at Chelsea School Daycare. Students are asked to seek staff support when facing any type of conflict and we will help. The main purpose of this document is to set clear expectations for all students, staff and parents. Although no document can account for every situation that arises in a school, this Code of Conduct attempts to set clear and specific guidelines. These guidelines will be applied fairly and consistently.

The rules apply at all school-related events whether or not held on school grounds, including on school board transportation. The following are approaches which will be applied consistently by the Principal, or Principal’s designate:

- Setting and explaining clear and reasonable expectations.
- Communication and dialogue with students and parents: ideally, all issues we face at the school level are learning experiences for everyone. The first line of intervention will always be a conversation with the student about the issue and a learning opportunity is always the goal.
- Parents will be notified of a rule violation by their child in writing, by phone or in person.
- Parents will, as appropriate, receive written reminders to work with the school to ensure their children are meeting the expectations of the Code.
- Parent involvement for continually disregarding school rules will be mandatory.
- One of the standard school-related consequences listed in the final section of the document may be applied.

Standard School-Related Consequences:

If a student violates the rules at Chelsea Elementary, certain consequences must follow. The specific consequences will be determined on the basis of the severity and/or frequency of the issues and will take the age of the student into account. Students and parents will be informed of the consequences students receive directly by email, phone conversation and/or meeting. Communication and Dialogue with students and parents is a priority. Preferably, all issues we face at the school level are learning experiences for everyone. The first line of intervention will always be a conversation with the student about the concern and an intervention will be viewed as a learning opportunity. Here is a list and brief description of potential standard school consequences:

1. Detention: Detentions can be assigned at recess or lunch. Students are expected to bring their lunch to the designated room. The sole activity permitted during detention is silent study or assigned work. Failure to complete detentions will result in a suspension.
2. Academic Recovery: To ensure students reach their full potential, we expect students to complete their assignments. Teachers can be asked to communicate the most important assignments (work that needs to be completed for them to make a judgement on their competency level throughout the school year) to the Principal.
3. Loss of Privileges: As students advance from Kindergarten through to Grade 6, students can miss certain privileges – school bus transportation, permission to participate in extra-curricular activities and field-trips, extended lunch periods, after-school activities, free-time during recess and lunch, etc. Students may lose these privileges if they do not comply with school expectations.
4. In-School Suspension: A student may be suspended IN-SCHOOL. IF STUDENTS ARE SUSPENDED IN-SCHOOL, THEY WILL NOT BE ABLE TO ATTEND CLASSES or DAY CARE and will BE INVOLVED IN an alternate RECESS and LUNCH TIME. STUDENTS WILL BE SUPERVISED AND WILL BE REQUIRED TO COMPLETE SCHOOLWORK OR ASSIGNED WORK. Students may not be permitted to ATTEND ANY SCHOOL FUNCTION FOR ANY REASON. Refusal to observe school rules and refusal to behave properly and complete all work assigned may result in an extension of the days of suspension (Out-of-School).
5. Out-of-School Suspension: A student may be suspended Out-of-School up to ten days for "gross misconduct and disobedience". IF STUDENTS ARE SUSPENDED FROM SCHOOL, THEY MAY NOT BE ON THE CAMPUS OR ATTEND ANY SCHOOL FUNCTION FOR ANY REASON. Failure to observe this regulation is considered criminal trespassing and may result in police prosecution and an extension of the days of suspension.
6. Referral to the Principal: Students who continue inappropriate behaviour despite efforts to correct it by staff, or if a student commits a serious act that disrupts the school or endangers others, the student will be referred to the Principal. The Principal will initiate a thorough review of the student's behaviour, and will determine the consequences and course of intervention.
7. Police Referral: Acts which are illegal under the *Criminal Code of Canada* should be reported to the police. This referral does not, however, forego the application of school disciplinary action for the same incident.
8. Expulsion and Discipline Committee: In cases of continued or extreme anti-social, disrespectful, disruptive, uncooperative or violent/illegal behaviour, the Principal will recommend to the Western Quebec School Board that expulsion proceedings be initiated by convening a meeting of a Discipline Committee. The Committee has the authority to expel a student from attending any schools in the school board for one full school year or longer, if needed.
